Join our Community Engagement Partnership and make a difference to healthcare in Ipswich and east Suffolk

Do you have a passion for improving healthcare services in east Suffolk?

The NHS Ipswich and East Suffolk Clinical Commissioning Group's (CCG) Community Engagement Partnership (CEP) are recruiting.

The CCG is responsible for planning, purchasing and monitoring your local NHS services.

We are looking for local people who have some understanding of health matters, either as a patient or carer, and who are willing to draw on their own experience to influence the decision-making process.

The CEP provides invaluable input into how the CCG can best meet the needs of the local community.

The group meets with senior staff at the CCG to inform and influence the commissioning process.

The role is voluntary and requires a commitment to attend a monthly two-hour meeting and occasional workshops. Travel expenses are paid.

The CCG's work must be grounded in reality, the reality of patient experience. This is a key opportunity to influence local health care.

Anyone interested in applying for a place on the CEP should contact Marielena Giner, Patient and Public Involvement Officer, on 01473 770186 or email to request an application pack.
Marielena.giner@suffolk.nhs.uk

The closing date for applications is 30th April, 2018
