

Get all the latest from ESNEFT with The Link

A website to keep you up to date with all the latest clinical news and updates.

The Link is the new place to hear what's happening at Colchester and Ipswich Hospitals and with Ipswich and East Suffolk community services.

The Link has been developed to provide our colleagues working in primary care and beyond with the most recent communications and information about our services, whether that's our response to COVID-19, our work to get back to normal in recovery and restart or anything else we think you need to know. All communication from ESNEFT will be made available on The Link site and we will update you when important changes are made.

We plan to develop the site over time to make sure it's a useful resource for you. We will be sending out a survey to gather your thoughts soon but in the meantime, you can email any feedback to thelink@esneft.nhs.uk

You can access [The Link here](#).

To keep the site secure, you will need to create a log in account.

Here's how to sign up The Link:

- Complete the registration form; including your contact details, practice name, email address. You can sign up using your nhs.net or nhs.uk email address.
- An email will be sent to you to verify your email account, please click verify.
- Once you have verified your email address you can log in and access information from ESNEFT
- Click the bell button at the bottom right hand side of the home page to allow notifications to be sent to you when we update key information. Don't worry, we'll try not to spam you.
- Please let us know what you think! Email us your feedback at thelink@esneft.nhs.uk
