

Suffolk Family Carers

Living Fuller Lives

Are you an instructor member for Adult Mental Health First Aid, Youth Mental Health First Aid or an accredited facilitator for Who's In Charge?

Suffolk Family Carers is an innovative and creative charity, recognised nationally as the overall GSK Impact Award winner 2019. We work in partnership with over 100 organisations to deliver a range of services that impact positively on the lives of adult, young adult and young carers.

We are looking to **develop the network of self-employed trainers** that we currently work with to deliver a range of quality training to family carers, professionals and the public.

You will need to be confident in delivering both **online and in person training**, (when restrictions allow) and have undertaken any relevant updates or upskill sessions and CPD.

If you are self-employed, and approved to deliver one or more of the courses above, then do get in touch to find out more.

You will need to provide evidence of accreditation, insurance, previous feedback examples, references and a relevant DBS (Enhanced Adult Workforce).
