

You are invited to the

East of England clinical improvement webinar

9th June at 12.00pm

For non-consultant grade doctors, nurses, AHPs and students
(or anyone with an interest in improving patient care)

The focus is on GIRFT and how you can get
involved in clinical improvement

What is the Getting It Right First Time (GIRFT) programme?

This programme provides clinicians with the opportunity to:

- Learn from best practice
- Access data-driven insight for benchmarking
- Identify and understand variation
- Raise performance to improve quality and efficiency

What is clinical improvement?

This webinar can help you understand and embed GIRFT improvement methodology for the benefit of your patients and clinical practice

Insight from frontline healthcare professionals involved in clinical improvement, with interactive Q&A

*Dr Sarah Clarke,
