

## CANCER EDUCATION FOR SUFFOLK & NE ESSEX MONTHLY ON-LINE EDUCATIONAL MEETINGS

Dear Colleague

In order to continue ongoing Cancer Education for Suffolk & NE Essex we are proposing 1-hour midweek Microsoft Teams Meetings, usually in the last week of the month at 1pm. The calendar of meetings is below and will be a combination of presentation followed by discussion, and very much intended to support the cancer component of the PCN DES.

These on-line meetings are open to all members of the practice team as there will be elements relevant to both clinical and non-clinical staff. We will try and keep to the issues of the day but keep the topics varied and as inclusive as possible for all attendees, with different guests invited to speak as we go on.

If anyone has suggestions for topics or speakers, then please contact one of us on the emails below.

Calendar of dates and the links to the Microsoft Teams meetings:

SNEE Cancer Education Sessions			
Date	GP	Agenda Item	Link
