

## ***‘Planned Colchester MESH Module, Lab Comm, downtime – Saturday 21<sup>st</sup> November, 05:30 – 14:00***

***Date & time of notice:*** 19/11/2020 – 09:00

***Service users affected:*** Colchester locality CCG and community-based sites.

***Description of outage:*** In order to upgrade the current version of Colchester ICE and the associated Mesh Module, Lab Comm (responsible for transmitting Colchester Hospital site processed pathology and radiology results; and discharge summary letters to practices’ clinical management systems, System-1 and EMIS WEB) to v7, there will need to be a period of downtime of Lab Comm from 05:30 to 14:00 on Saturday 21<sup>st</sup> November.

***Summary of Impact:*** During this phase NO data sets will be transmitted to practices’ clinical management systems.

***Mitigation:*** For pathology, as per laboratory process, any urgent results will be communicated via a phone call.

*Apologies for any inconvenience.*
