

# Are you an Advanced Care Practitioner?

Would you be interested in becoming a Trainer of Educators for ACPs?

There is a new framework for supporting ACPs through training and regionally we are looking for 2 ACPs who would like to become *effectively* our TPDs to offer training for educators of ACPs across the east of England.

**Please contact me if you are interested, the criteria is:**

- ◆ Must be a GP trainer/GP, Consultant level AHP, Advanced level practitioners with a full post graduate MSc in advanced clinical practice.
- ◆ Must hold a full post graduate Masters degree and currently work in the area of practice that you will be supervising
- ◆ Moving forwards ACP level practitioners verified and recognised by the Centre will be able to train to supervise FCP & ACP level practitioners. This includes ACP level staff who use the portfolio route for recognition by the Centre.

**So moving forwards more ACPs will become trainers but at this stage we need a regional trainer to train them!**

**To register your interest, or for more information please contact—Leila Ronald-Jones**
