

# Unsure about the COVID vaccine?

*How does it work?*

*What's in it?*

*Will it make me sick?*

*Do I really need it if I'm young, fit and healthy?*

*How was it tested?*

*Will I need to take a day off work?*

*Will it impact upon my existing health issues?*

*Do I really need a second jab?*

*Is it OK if I'm planning to have children?*
