Standards for Student Supervision and Assessment NMC (2018)

The new NMC Standards for student supervision set out the NMC expectations for the learning, support and supervision of learners in the practice environment. These sessions are aimed at registered Health Professionals who have undertaken previous “mentor” training programmes, and will prepare them for the role of Practice Assessor/ Supervisor under the current guidelines.

- ✓ Are you an existing trainer/” mentor”/Coach /Education Supervisor?
- ✓ Do you support pre-registration students /Apprentices within your clinical area or would welcome the opportunity to do so ?
- ✓ Do you feel prepared for the supervision required? /have you updated your previous “mentor” qualification in line with CPD/ Nursing Revalidation requirements?
- ✓ Are you supporting Apprenticeship learners?
- ✓ Do you support learners on the Fundamentals of General Practice Nursing Programme?
