

Alzheimer's Show Digital Hub - Webinar series No.2

Caring and dementia: Online support, advice & education.

30th & 31st March 2021

Hear from 16 dementia experts over 2 days of live presentations

**JOIN US LIVE OR CATCH UP LATER! The recordings plus 2 bonus sessions
will be available for 30 days from the event.**

Following the huge success of our January webinars, we are delighted to bring you another 2 days of live practical and educational online presentations which will provide you with a better understanding of dementia to help you support those you care for and make a positive difference.

Our 16 dementia experts will be speaking on a wide range of topics relevant to everyone in the dementia community – whether you are a carer, family member or healthcare professional.

Brought to you by the organisers of The Alzheimer's Show and in partnership with Dementia UK, these online sessions are packed with useful advice and practical tips, and you will also have the opportunity to put your questions to the carefully selected experts and specialists. Professionals will receive confirmation of attendance and can use this as part of their CPD.

This is an online event. A Zoom link will be emailed to all registered participants upon registration the week before and the day before the event.

Topics include:

- Pain and Communication
- Behavioural and psychological symptoms of dementia
- Eating & Drinking at Meal time: Top Tips For Dementia Caregivers
- Legal considerations when diagnosed with dementia

- The Importance and Power of Lived Experience in caring for someone with Dementia (FTD)
- The importance of the Mental Capacity Act for people affected by dementia
- Care and Caring at the End of Life
- Understanding the person and reducing distress
- Dementia and delirium in the acute hospital setting
- Rare and young onset dementias
- UTIs and promoting continence for people living with dementia
- Hearing loss and dementia
- The language of dementia: Dementia Dictionary
- If I get dementia, will they serve me meat?
- Old Age Psychiatry services at a glance
- Making a success of personalised, integrated dementia care together
