Patient information leaflet: Specialist infant formula

What can be prescribed?

The Ipswich and East Suffolk CCG supports the prescribing of the following specialist infant formulae in accordance with the Ipswich and East Suffolk CCG Recommendations for Prescribing Specialist Infant Formula. The quantities recommended per month should not be exceeded (if more are required they should be purchased):

	Quantity prescribable per month	
	<6 months of age	≥6 months of age
Cow's milk protein allergy:		
• Nutramigen 1 with LGG 400g	10	n/a
• Nutramigen 2 with LGG 400g	n/a	8
• Nutramigen 3 with LGG 400g*	n/a	n/a
• Similac Alimentum 400g	10	8
• Aptamil Pepti 1 400g / 800g	10 / 5	n/a
• Aptamil Pepti 2 400g / 800g	n/a	8 / 4
• SMA Althéra 450g	10	7
• SMA Alfamino 400g	10	8
• Nutramigen Puramino 400g	10	8
• Neocate LCP 400g	10	8
• Neocate Spoon 37g	n/a	28
• Neocate Syneo 400g	10	8
• Neocate Junior 400g*	n/a	n/a
Preterm infants:		
• Nutriprem 2 powder 800g	5	<i>prescribable up to 6 months</i>
• SMA Gold Prem 2 powder 400g	10	<i>corrected age</i>

* These products are for children over 1 year of age and the quantity will be advised by the Paediatric Dietitian.

What cannot be prescribed?

The Ipswich and East Suffolk CCG does not support the prescribing of infant formula that can be purchased over the counter either in supermarkets, health shops or in pharmacies. This includes:

- Aptamil Anti-Reflux 800g
- Aptamil Comfort 800g
- Aptamil Lactose Free 400g
- Cow & Gate Anti-Reflux 800g
- Cow & Gate Comfort 800g
- Enfamil AR 400g
- Enfamil O-Lac with Lipil 400g
- HIPP organic Combiotic anti-reflux 800g
- SMA H.A. Infant Milk 800g
- SMA LF 400g
- SMA Anti-Reflux 800g
- SMA WySoy 860g
- All standard infant formula

Healthy Start vouchers

Healthy Start vouchers can be used to purchase infant formula that is based on cow's milk that is appropriate for use from birth. The vouchers cannot be used for soya or goat's milk infant formula or follow-on formula for babies aged 6 months or older.

Queries or complaints
